Dr. Elias Saba, Director of rehabilitation at BASR, has been nominated to co-chair the 2nd
Middle-East & Africa Osteoporosis Congress to be organized by the International Osteoporosis Foundation (IOF) and the Pan-Arab Osteoporosis Society (PAOS) in Jordan between September 27th and October 1st, 2012.

Nearly 1000 doctors and clinical investigators from throughout the Middle East met in Dubai for the International Osteoporosis Foundation’s (IOF) 1st Middle-East & Africa Osteoporosis Meeting held between 19th and 22nd October 2011, during which Dr. Elias was nominated as co-chair.

This congress, which will specifically address osteoporosis related topics and bring related serious health challenges to the table, is considered one of the largest in the region.

The Meeting will feature presentations by leading international speakers and key experts from throughout the region. Its clinically-oriented scientific program will include plenary lectures, meet-the-expert sessions, satellite symposia and an orthopedic roundtable.
