The Senior Leadership Team of Bethlehem Arab Society for Rehabilitation met with a delegation from the medical military services. Director General Brigadier Dr. Khalil Alnaqeeb, accompanied by a number of doctors, discussed ways of cooperation and coordination between BASR and the Medical Military Services with regard to the referral mechanism of patients needing medical and rehabilitation services in accordance with protocols established in the governmental sector.

Dr. Khalil Alnaqeeb pointed out that the most important criteria in the process of patients’ referral lies in the quality of services offered compared to other health institutions, patients’ comfort and ease of procedures.
During the meeting, Edmund Shehadeh - General Director of BASR, offered the visiting delegation a detailed explanation about the medical and rehabilitation services provided in addition to the specialized surgical procedures offered by the BASR’s specialized hospital. Mr. Shehadeh explained the importance of communication and coordination between the two parties in order to provide quality services that could effectively respond to beneficiaries’ needs.
